*ICSE-75%*  
*ISC-67%*  
2017-2019

### About Me

As a passionate MCA graduate, I am dedicated to making a positive impact through my technical expertise in the field of cyber security.

With a strong foundation in computer applications and programming, I am driven to safeguard digital frontiers against evolving threats.

I am actively seeking opportunities to apply my skills and knowledge in fortifying digital defense, ensuring the resilience of organizations in an increasingly interconnected world.

Let's connect and collaborate to create a secure digital landscape for all.

### Projects

#### Result Publication Portal *April, 2022 - June, 2022*

The Result Publication Portal is user-friendly and easy to navigate, making it accessible to all stakeholders. The portal can handle large volumes of data, enabling institutions to publish results for multiple courses, semesters, or programs simultaneously. The system provides robust data analytics and visualization tools that allow institutions to generate reports, analyze trends, and identify areas for improvement.

#### Miki Player App

*July, 2023 - ongoing*

The music player project aims to develop a versatile and user-friendly application that allows users to organize, manage, and enjoy their music collections. The music player will provide a seamless and immersive experience, enabling users to listen to their favorite songs, create playlists, and explore new music effortlessly.

The portal provides a comprehensive solution that connects music with people in a motivational way to view the life

### Achievements

2022      Got 641 GMR rank in west Bengal state level WBJECA entrance test.
